**“DAYLIGHTING AND SUSTAINABLE DESIGN”
AN AIA/CES PROGRAM**

1 LU/HSW

WHEN:

WHERE:

ATTN:

BY: Michael Crowder, LEED AP, National Sales

CONTENT:

Topics discussed include the origins of translucent daylighting with the structural sandwich panel, considerations in design, enhancement of daylighting techniques, real energy conservation, the four systems, and opportunities offered in contrast, design, form and aesthetics. The benefits of diffused natural daylighting on performance, health, productivity, safety and sustainable design are emphasized. Specialty performance systems including explosion venting, blast resistant, hurricane impact and OSHA fall through protection are included.

CONTINUING EDUCATION:

Kalwall Corporation, the inventor of the technology, is a registered provider with the AIA. This program will provide 1 LU/HSW.
