TO WHOM IT MAY CONCERN:

Griesenbeck Architectural Products Inc. sponsors the following Continuing Education course:

## “Opening Doors to Design Opportunities with the Model Building Codes”

AIA Credit: (1) Learning Unit – Health, Safety, and Welfare

1. Understand the regulatory standards governing the use and application of opening protectives.
2. Differentiate between fire walls and fire barriers.
3. By examining numerous case studies participants will learn the fundamental code requirements that drive the placement of fire walls and fire barriers, their openings and opening protectives.
4. Through slides, discussion and case studies, participants will see the direct correlation between Life Safety, product application and open design.
